tabled by Mr BLUMENFELD, Mr D'ORMESSON and Mr GHERGO
on behalf of the European People's Party (C.D.)

pursuant to Rule 47 of the Rules of Procedure

on the effects of enlargement of the European Community
on Israel and the other associated Mediterranean states

PE 84.414

The European Parliament,

- A. having regard to the concern expressed in Israel at the detrimental effects which the accession of Spain and Portugal to the European Community might have on Israeli exports of Mediterranean products to the Community,
- B. having regard to the extensive discussions of this problem between the European Parliament delegation for relations with Israel and the Knesset delegation from 13 to 17 February 1983 in Jerusalem,
 - 1. Considers that the Israeli concern is justified;
 - 2. Requests that, during the current accession negotiations with Spain and Portugal, the State of Israel be given an opportunity to convey to the European Community its concern and its wishes;
 - 3. Requests that, in the accession negotiations, precautions be taken to ensure that the trade relations of Israel and other associated Mediterranean states with the Community are not adversely affected by the accession of Spain and Portugal;
 - 4. Hopes that, before its accession to the European Community, Spain will establish full diplomatic relations with Israel, and points out in this connection that full diplomatic relations still do not exist between Greece and Israel.
